DETAILED ACTION

This office action is in response to the request for continued examination filed September 29, 2005.

Allowable Subject Matter

Claims 20-28 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The prior art most notably in Sato (U.S. 6,821,822) while it teaches the movement of pad up or down during molding, it fails to explicitly disclose the formation of an IC card or singulating the card from a plurality of molded/plastic wings by excision.
